## MEDICINA ORAL, PATOLOGÍA ORAL Y CIRUGÍA BUCAL

### INDICE ORAL MEDICINE AND PATHOLOGY

What is the frequency of floor of the mouth lesions? A descriptive study of 4,016 cases.

Costa AM, Pontes FS, Souza LL, Lopes MA, Santos-Silva AR, Vargas PA, et al.

Oral Kaposi sarcoma development is associated with HIV viral load, CD4+ count and CD4+/CD8+ ratio. Sousa RH, Souza LL, Guedes PT, Prado-Ribeiro AC, Rodrigues-Oliveira L, Brandão TB, et al.

Can buccal infiltration of articaine replace traditional inferior alveolar nerve block for the treatment of mandibular molars in pediatric patients?: A systematic review and meta-analysis.

Yu J, Liu S, Zhang X.

The genotypes and virulence attributes of *C. albicans* isolates from oral leukoplakia.

Weerasekera MM, Wijesinghe GK, Sampath A, Dilhari A, Madhumal T, Dilrukshi R, et al.

Association between xerostomia, oral and general health, and obesity in adults. A cross-sectional pilot study.

Pérez-González A, Suárez-Quintanilla JA, Otero-Rey E, Blanco-Carrión A, Gómez-García FJ, Gándara-Vila P, et al.

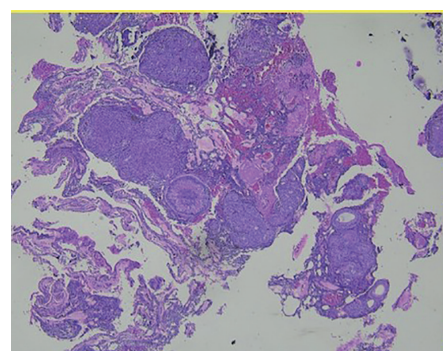

Clinical characterization of gingival type of burning mouth syndrome: a cross-sectional study. Coppola N, Blasi A, Amato M, Ferrigno R, Mignogna MD, Leuci S.

Risk factors associated with tongue lesions: a propensity score-matched case-control study. González-Álvarez L, García-Pola MJ.

Angina bullosa haemorrhagica: A 14-year multi-institutional retrospective study from Brazil and literature review. Silva-Cunha JL, Cavalcante IL, Barros CC, Felix FA, Venturi LB, Rolim LS, et al.

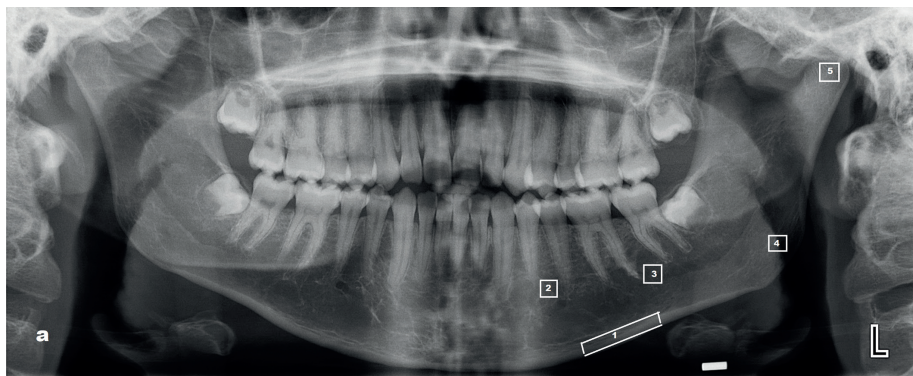

Analysis of 55 cases of adenomatoid odontogenic tumor in an Indian population and review of literature Bansal SP, Shaikh S, Arvandekar AS, Dhanawade SS, Desai RS.

Interobserver and intraobserver variability in the radiological assessment of sialolithiasis using cone beam computed tomography Beumer LJ, van der Meij EH, Kamstra JI, de Visscher JGAM.

### INDICE IMPLANTOLOGY - PERIODONTOLOGY - COMPROMISED PATIENTS

The impact of COVID-19 on access to dental care for people with disabilities: a global survey during the COVID-19 first wave lockdown. Mac Giolla Phadraig C, van Harten MT, Diniz-Freitas M, Limeres Posse J, Faulks D, Dougall A, et al.

Alterations of panoramic radiomorphometric indices in children and adolescents with beta-thalassemia major: A fractal analysis study.

Yagmur B, Tercanli-Alkis H, Tayfun-Kupesiz F, Karayilmaz H, Kupesiz OA.

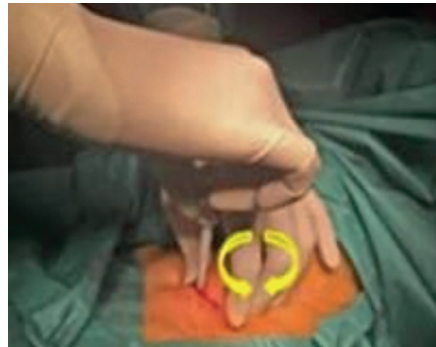

## INDICE ORAL SURGERY

Medication related osteonecrosis of the jaws (MRONJ): Factors related to recurrence after treatment with surgery and platelet rich plasma (PRP) placement. Sánchez-Gallego Albertos C, Del Castillo Pardo de Vera JL, Viejo Llorente A, Cebrián Carretero JL.

Optimal application of compressive palatal stents following mesiodens removal in pediatric patients: A Randomized Controlled Trial. Jang H, Choi Y, Kwon E, Choi N, Jang Y, Song J, et al.

Effect of antibiotic prophylaxis for preventing infectious complications following impacted mandibular third molar surgery. A randomized controlled trial. Yanine N, Sabelle N, Vergara-Gárate V, Salazar J, Araya-Cabello I, Carrasco-Labra A, et al.

Is periapical surgery follow-up with only two-dimensional radiographs reliable? A retrospective cohort type sensitivity study. Ramis-Alario A, Tarazona-Álvarez B, Peñarrocha-Diogo M, Soto-Peñaloza D, Peñarrocha-Diogo M, Peñarrocha-Oltra D.

Clinical management of alveolar osteitis. A systematic review. Garola F, Gilligan G, Panico R, Leonardi N, Piemonte E.

Burnout syndrome assessment among Spanish oral surgery consultants: A two populations comparative pilot study. Cobo-Vázquez CM, Martín C, Sáez-Alcaide LM, Meniz-García C, Baca L, Molinero-Mourelle P, et al.

Third molar surgical difficulty scales: systematic review and preoperative assessment form. Gay-Escoda C, Sánchez-Torres A, Borrás-Ferreres J, Valmaseda-Castellón E.

Percutaneous tracheostomy in COVID patients. Experience in our hospital center after one year of pandemic and review of the literature. Vallejo-Díez J, Peral-Cagigal B, García-Sierra C, Morante-Silva M, Sánchez-Cuellar LA, Redondo-Gonzalez LMA.

Impact of cone-beam computed tomography for the identification and management of an oral portal of entry in patients with infective endocarditis. A Delphi study. Cloitre A, Hascoët E, Iung B, Duval X, Lesclous P.

Effect of the intra-alveolar administration of dexamethasone on swelling, trismus, and pain after impacted lower third molar extraction: a randomized, double-blind clinical trial. Marques RV, Branco-de-Almeida LS, Marques DM, Oliveira IC, Mendes SJ, Rodrigues VP, et al.

Microtomographic reconstruction of mandibular defects treated with xenografts and collagen-based membranes: A pre-clinical minipig model. Gomez J, Bergamo ET, Tovar N, Talib HS, Pippenger BE, Herdia V, et al.

## INDICE ORAL CANCER

Expression of spindle assembly checkpoint proteins BubR1 and Mad2 expression as potential biomarkers of malignant transformation of oral leukoplakia: an observational cohort study. Monteiro L, Silva P, Delgado L, Amaral B, Garcês F, Salazar F, et al.

Expression profile of components of the  $\beta$ -catenin destruction complex in oral dysplasia and oral cancer. Goñi FJ, Peña-Oyarzún D, Torres VA, Reyes M.

High prevalence of oral potentially malignant disorders and risk factors in a semi-urban Brazilian city: a population-based cross-sectional study. Martins-de-Barros AV, Barros AM, Silva CC, Ramos LF, Ferreira SJ, Araújo FA, et al.

Online audio-visual information on oral cancer for Spanish-speaking laypersons. A cross-sectional study.

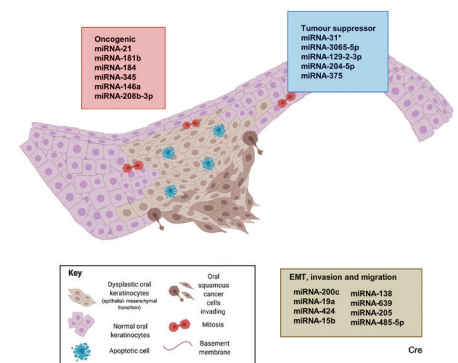

Ulloa-Morales Y, Negreira-Martínez F, Blanco-Hortas A, Patiño-Castiñeira B, San-Román-Rodríguez E, Varela-Centelles P, et al.

Delay in diagnosis of oral cancer: a systematic review. Lima AM, Meira IA, Soares MS, Bonan PR, Mélo CB, Piagge CS.

Counselling toward reducing alcohol use, knowledge about its morbidity and personal consumption among students of medical and dental courses in north-western Spain. Pérez-González A, Lorenzo-Pouso AI, Gándara-Vila P, Blanco-Carrión A, Somoza-Martín JM, García-Carnicero T, et al.

MicroRNAs and their role in the malignant transformation of oral leukoplakia: a scoping review.

Niklander S, Guerra D, Contreras F, González-Arriagada W, Marín C.

# ARTÍCULOS

## JOURNAL OF CLINICAL AND EXPERIMENTAL DENTISTRY

### INDICE ORAL MEDICINE AND PATHOLOGY

**Efficacy and safety of two artificial saliva-based polymers containing 0.1% pilocarpine for treatment of xerostomia: A randomized clinical pilot trial.** Sarideechaikul W, Priprem A, Limsitthichaikoon S, Phothipakdee P, Chaijit R, Jorns TP, Lungruammit N, Chaiya K.

**Mutations in p53 Gene Exons in a Sample from the South of Spain in Oral Cancer.**

Martín-Lozano G, Gómez-Díaz R, Iglesias-Martín F, Torres-Lagares D, Gutiérrez-Corrales A, Gutiérrez-Pérez J.

**Cowden's syndrome diagnosed through oral lesions: A case report.**

Marshall M, Otero D, Niklander S, Martínez-Flores R.

**Peripheral giant cell granuloma associated with a dental implant: A case report.**

Sánchez-Torres A, Pérez-Amate B, Javier A, Cercadillo-Ibarguren I, Figueiredo R, Valmaseda-Castellón E.

**Effects of natural extracts in the treatment of oral ulcers: A systematic review of evidence from experimental studies in animals.**

Wen SD, Sans-Serramitjana E, Santander JF, Sánchez MR, Salazar-Aguilar P, Zepeda AB, Alvarado SI, Miranda IB.

**Lateral periodontal cyst: A rare clinicopathological presentation mimicking a residual cyst.** Barbirato DS, Fogacci M, Rodrigues M, Vasconcelos BE, de Barros M, Pires F.

**Critical assessment of the latest classification of jaw cysts proposed by the World Health Organization (2017).** Barrios-Garay K, Agudelo-Sánchez L, Aguirre-Urizar J, Gay-Escoda C.

**Relevance of Cone-beam computed tomography on diagnosis and surgical planning of the cementoblastoma.**

Preto K, Neto D, Tjioe K, Oliveira D.

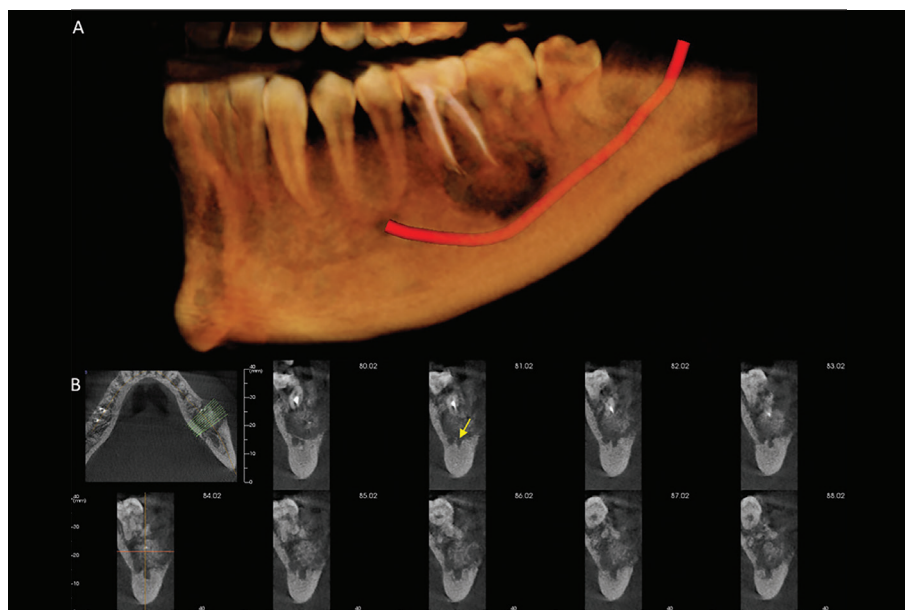

**Juvenile trabecular ossifying fibroma: Immunohistochemical expression of MDM2, CDK4 and p53 compared to conventional ossifying fibroma.**

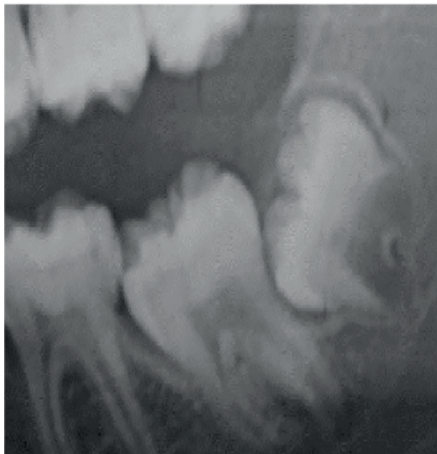

Nikitakis NG, Georgaki M, Merkourea S, Chaisuparat R, Warburton G, Lopes MA, Papadimitriou JC, Ord RA.

**Correction: Oral leukoplakia, a clinical-histopathological study in 412 patients.**

## INDICE ORAL SURGERY

Accidental migration of dental implant into the nasal cavity: Spontaneous expulsion through the nose.

Sanchis J, Díaz J.

Correction: Dental implants rehabilitation in a patient with head and neck radiotherapy for osteosarcoma in the jaw. A clinical case report. Garrido-Martínez P, Peña-Cardelles J, Quispe-López N, Pozo-Kreiling J, Esparza-Gómez G, Montesdeoca-García N, Cebrián-Carretero J.

Prevalence of intraoperative and postoperative iatrogenic mandibular fractures after lower third molar extraction: A systematic review.

Guillaumet-Claire M, Juiz-Camps A, Gay-Escoda C.

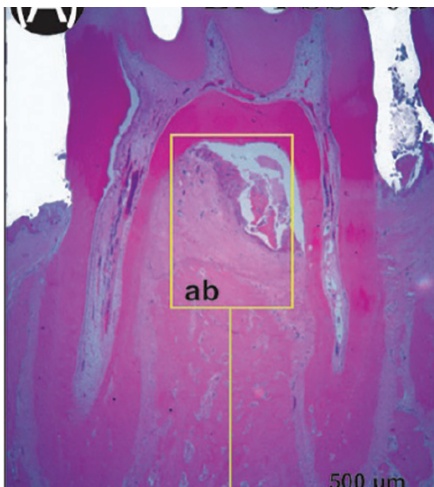

Surgical uprighting and repositioning of unerupted molars: Features and findings of a retrospective sample.

Pippi R, Luigetti L, Pietrantonio A.

## INDICE SPECIAL PATIENTS - IMPLANTOLOGY - PERIODONTOLOGY

Clinical and epidemiological profile of cleft lip and palate patients in Peru, 2006 – 2019.

Peña-Soto C, Arriola-Guillén L, Díaz-Suyo A, Flores-Fraile J.

Influence of systemic strontium ranelate on the progression and as adjunctive therapy for the nonsurgical treatment of experimental periodontitis. Gusman D, Matheus H, Alves B, Ervolino E, de Araujo N, Piovezan B, Fiorin L, de Almeida J.

Testing international techniques for the radiographic assessment of third molar maturation

Sartori V, Franco A, Linden M, Cardoso M, de Castro D, Sartori A, Silva C, Trentin M, De Carli J.

Adherence to supportive periodontal treatment in relation to patient awareness.

Navarro-Pardo M, Márquez-Arrico C, Pallarés-Serrano A, Silvestre F.

Association between rheumatoid arthritis and periodontitis in an adult population – A cross sectional study. Varshney S, Sharma M, Kapoor S, Siddharth M.

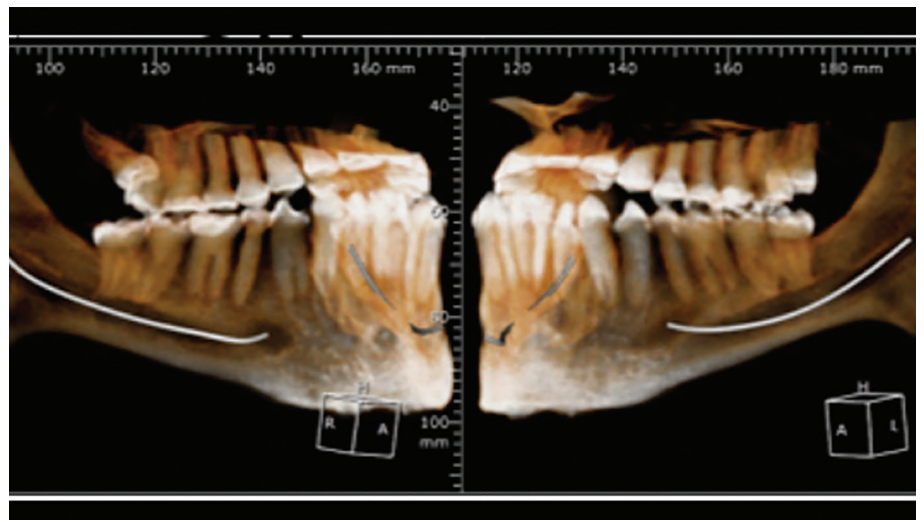

Osteogenesis imperfecta type III: Oral, craniofacial characteristics and atypical radiographic findings oral.

Arantes C, Sica I, Bezerra M, Amaral C, Bellato C, Logar G.

Dental procedures cause stress in children with cerebral palsy?. Tomasin Md, de Sant'Anna G, Hoshi A, Duarte D.

FORMACIÓN CONTINUADA

## SEMINARIO

**Implicación del odontólogo en el paciente oncológico**

### FECHA

13/noviembre/2021

### LUGAR

Ilustre Colegio Oficial de Odontólogos y Estomatólogos de la 1ª Región.

ESPACIO **coem** C/ Mauricio Legendre, 38  
Madrid

**Se ha llevado a cabo el 13 de noviembre el primer acto de SEMO de forma presencial después de la pandemia y por ello, ha resultado especial**

Con el título “Implicación del Odontólogo en el paciente Oncológico” se enfatiza en que la salud oral juega un papel importante en el paciente oncológico y el odontólogo puede y debe contribuir a prevenir y tratar las complicaciones bucales que se derivan de los diferentes tratamientos oncológicos.

---

**la salud oral juega un papel importante  
en el paciente oncológico y el  
odontólogo puede y debe contribuir  
a prevenir y tratar las complicaciones  
bucales**

---

El Dr. Juan Manuel Seoane (Catedrático USC) habló del diagnóstico precoz del cáncer oral, analizando las causas del retraso diagnóstico de una patología que no conlleva pruebas complicadas para identificarla.

Siguiendo con el cáncer oral, la Dra. Mariola García-Aranda Pérez (Radioterapeuta Hospital Sanchinarro) analiza las complicaciones orales de la radioterapia de cabeza y cuello.

La Dra. Leticia Bagán (Profesora Universidad de Valencia) se ocupó de actualizar el manejo de la osteonecrosis maxilar por medicamentos.

La Dra. Laura Clemente (Atención Primaria Hospital La Paz) repasó las actuaciones del odontólogo con este tipo de pacientes de cara a minimizar y tratar las complicaciones orales.

El Dr. Juan Antonio Guerra Martínez (Oncólogo, Hospital de Parla) trató de la actualidad y el futuro de la quimioterapia oncológica.
